Screening Visitors for Coronavirus Disease-2019 (COVID-19)

Do you have one of the following symptoms?

- Cough
- Shortness of breath
- Sore throat
- Diarrhea
- Loss of smell or taste

- Fever (>100.4 deg F) or feeling feverish
- Chills
- Body aches

Or

Have you been diagnosed with COVID-19 in the last 21 days?

If yes: Mask the visitor, take a phone number where the visitor can be reached (e.g., if needed to pick up the patient after their appointment), and postpone their visit. (See instruction sheet for limited exceptions)

If no: Mask the visitor and continue with visit

For your protection and the safety of our patients and staff, please read the questions below and point to your answers for staff to review.

For your protection and the safety of our patients and staff, please read the questions below and point to your answers for staff to review.
